Friday 9th October

Homework – Year 1

Autumn Walk

We have been talking about autumn this week. Take your grown ups on an autumn walk.

What do you know about autumn?
What signs of autumn did you see?
Can you use some adjectives to describe what you saw on your walk? e.g brown crunchy leaves
Can you draw and label what you saw?
How is the season of autumn different from summer?
Which season is your favourite and why?

Geography

In Geography we have been talking about where we live and what is near and far away from our school.

Can you tell your grown-up your address? (All the children have been told at school!)

What places do you know in Odiham that are near our school? Remember we found them by looking at google maps.
