Friday 16th October

Homework – Year 1

Maths – Shape

We have been revising our 2D shapes in maths this week. We have found different shapes all around us both inside and in our outdoor environment.

Can you name the 2D shapes?

Find some items at home that include a 2D shape - the kitchen is a good place to look!
What did you find?

RAF Visit

This week we have visited the RAF base. We had a very engaging and exciting tour of the Chinook and learnt lots of information about how the Chinook operates and the role of the pilot and crewmen.

Talk to your grown up about our visit.
What did you learn?
What did you enjoy the most and why?
